

VERDEdri®

The Power of Efficiency

VERDEdri works up to its name – delivering high performance with less power. It dries hands clean in as little as 12 seconds, using only 950 watts.

You get all the benefits from one hand dryer without upgrading with add-on features. Its quiet, high-speed operation is matched by a NiChrome heating element and a touchless infrared sensor. Users can go through the motions without pressing a button or feeling cold air. The adjustable two speed motor controls, global universal voltage features, and virtually indestructible construction accommodate any commercial restroom.

VERDEdri's HEPA filter captures 99.97% of pollutants including bacteria and viruses 0.3µm or larger while antimicrobial technology inhibits growth of bacteria, viruses and mold. The surface-mounted design meets ADA compliance suitable for walkways and pathways. Every model is backed by a 10-year warranty for added peace of mind.

Surface-Mounted ADA Compliant

Offers simpler and more cost-effective installation than recessed models

Hygienic

Combines HEPA filtration and antimicrobial technology to clean the air and enhance sanitation

Universal Voltage

Accepts 110-240 V input

Fast Dry Time

Dries hands in as little as 12 seconds

Flexible

Adjusts between two speeds to control airflow and sound level

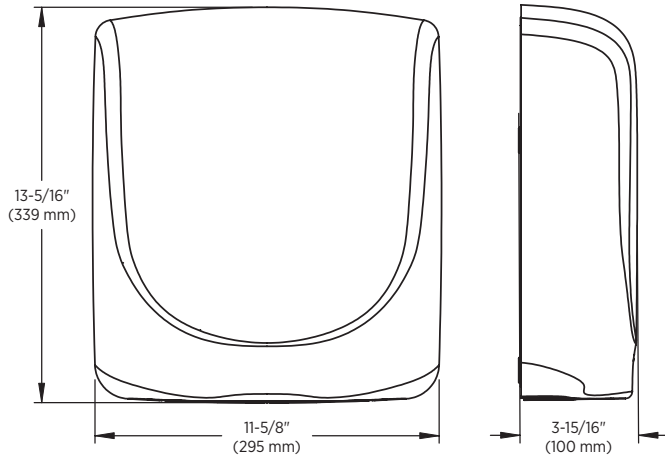

Extended Life

Lasts up to 3 times longer than the competition with industry-leading motor

A World of Features (and Difference)
